

FOR CARE PROVIDERS · UK

Software built for **complex care.**

One platform for multi-service providers — residential, nursing, dementia, learning-disability & supported living, across every site. Coordination, family communication and compliance in one place — built to **sit alongside the NHS**, not replace it.

Brightwell Care · Riverside Lodge Search residents, staff, records...

Can we book a video call with Dad this weekend?

Compliance [Details →](#)

- CQC inspection readiness **Ready**
- DSP Toolkit **Standards Met**
- DBS renewals **3 expiring**

● DSP Toolkit · Standards Met

Multi-site command centre

Every service, visit & alert across all your sites, in one view.

Family Hub

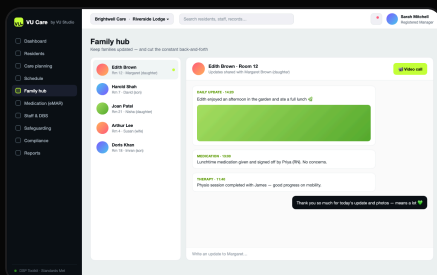

Updates, photos & video calls — less back-and-forth.

Visiting-professional scheduling

GPs, physios, OTs & specialists on one shared schedule.

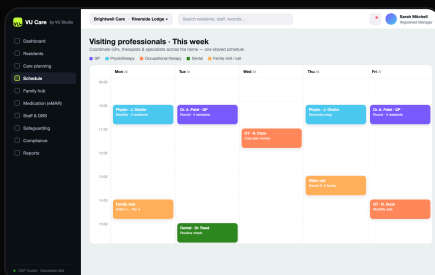

DBS & NHS-cert tracking

Who's DBS-cleared & whose NMC/HCPC is expiring — auto reminders.

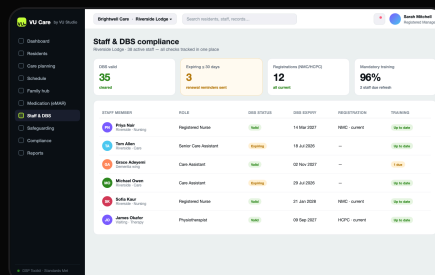

Family Hub

Share daily updates, photos and video calls with relatives — in one place.

Visiting professionals

One shared schedule for every GP, therapist and specialist visit.

Staff & DBS

DBS, NMC/HCPC registration and training tracked, with expiry alerts.

HOW WE FIT WITH THE NHS & STAY COMPLIANT

Sits alongside, never replaces

Clinical records stay in NHS systems; we handle the coordination around them.

Your people stay certified

DBS & NMC/GMC/HCPC registration stay with staff — we store & surface them.

Compliance-aware by design

Aligned to CQC; built towards DSP Toolkit, DSCR standards & DTAC.

ASSURANCE ROADMAP:

DSP Toolkit · Standards Met

DSCR Core Capabilities

DTAC / DCB clinical safety

BUILT FOR PROVIDERS LIKE YOURS

Residential

Nursing

Elderly care

Dementia

Learning disability

Neurodivergent / autism

Supported living

Special-needs schools

24/7 care

Domiciliary care

Private clinics

Let's modernise **care.**
